HDFC Asset Management Company Limited

This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. For further details of the Scheme / Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors' rights & services, risk factors, penalties & pending litigations, etc. investors should, before investment, refer to the Scheme Information Document (SID) and Statement of Additional Information (SAI) available free of cost at any of the Investor Service Centres or distributors or from the website www.hdfcfund.com

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM. The date of this Key Information Memorandum is February 25, 2010.

1. Investment Objective

The investment objective of the Plans under the Scheme is to generate income through investments in Debt / Money Market Instruments and Government Securities maturing on or before the maturity date of the respective Plan(s).

2. Asset Allocation Pattern of the Scheme

Type of Instruments	Minimum Allocation (% of Net Assets)	Maximum Allocation (% of Net Assets)
Debt and Money Market Instruments (including securitised debt)	60%	100%
Government Securities	0%	40%

It is the intention of the Scheme that the investments in securitised debt will not, normally exceed 75% of the net assets of the respective Plans. The Scheme may take derivative position (maximum 20% of the net assets of the respective Plans), for Hedging and Portfolio Balancing, based on opportunities available subject to SEBI Regulations. The Scheme may seek investment opportunity in Foreign Debt Securities (maximum 75% of Net Assets of respective Plans) in accordance with the guidelines stipulated in this regard by SEBI and RBI from time to time.

3. Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document carefully for details on risk factors before investment. Scheme specific Risk Factors include but are not limited to the following :

Risk factors associated with investing in Fixed Income Securities

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Plan under the Scheme can go up or down because of various factors that affect the capital markets in general.
- The NAV of the Plan will be affected by changes in the general level of interest rates. The NAV of the Plan is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Money market securities, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Investment in Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes

in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.

- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.

Risk factors associated with investing in Foreign Debt Securities

• Currency Risk

Moving from Indian Rupee (INR) to any other currency entails currency risk. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee.

• Interest Rate Risk

The pace and movement of interest rate cycles of various countries, though loosely co-related, can differ significantly. Hence by investing in securities of countries other than India, the Scheme stand exposed to their interest rate cycles.

• Credit Risk

This is substantially reduced since the SEBI (MF) Regulations stipulate investments only in debt instruments with rating not below investment grade by accredited/registered credit rating agency.

To manage risks associated with foreign currency and interest rate exposure, the Mutual Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI / RBI from time to time.

Risk factors associated with investing in Derivatives

- The AMC, on behalf of the Plan, may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include, the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk factors associated with investing in Securitised Debt

The Risks involved in Securitised Papers described below are the principal ones and does not represent that the statement of risks set out hereunder is exhaustive.

• Limited Liquidity & Price Risk

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

• Limited Recourse, Delinquency and Credit Risk

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts

to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

• Risks due to possible prepayments and Charge Offs

In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any Charge Offs would result in the reduction in the tenor of the Pass Through Certificates (PTCs).

• Bankruptcy of the Swap Bank

If the Swap Bank, becomes subject to bankruptcy proceedings then an Investor could experience losses or delays in the payments due under the Interest Rate Swap Agreement.

• Risk of Co-mingling

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

Risk factors associated with Securities Lending

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Risk Factors associated with Market Trading

Although Units of the respective Plan(s) are to be listed on the Exchange, there can be no assurance that an active secondary market will develop or be maintained.

Trading in Units of the respective Plan(s) on the Exchange may be halted because of market conditions or for reasons that in view of Exchange Authorities or SEBI, trading in Units of the respective Plan(s) is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of Units of the respective Plan(s) will continue to be met or will remain unchanged.

Any changes in trading regulations by the Stock Exchange(s) or SEBI may inter-alia result in wider premium/ discount to NAV.

The Units of the respective Plan(s) may trade above or below their NAV. The NAV of the respective Plan(s) will fluctuate with changes in the market value of Plan's holdings. The trading prices of Units of the respective Plan(s) will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the respective Plan(s).

The Units will be issued in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund on the maturity date / final redemption date will depend upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.

The market price of the Units of the respective Plan(s), like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the Unit (or NAV), and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units in the Exchange may lead to market price of the Units to quote at premium or discount to NAV.

As the Units allotted under respective Plan(s) of the Scheme will be listed on the Exchange, the Mutual Fund shall not provide for redemption / repurchase of Units prior to maturity / final redemption date of the respective Plan(s).

- (iv) Unit holders may also bring a copy of any of the documents mentioned in (iii) above along with the original documents to the ISCs/Official Points of Acceptance of HDFC Mutual Fund. The copy of such documents will be verified with the original documents to the satisfaction of HDFC Mutual Fund. The originals documents will be returned across the counter to the Unit holder after due verification.

In the event of a request for change in bank account information being invalid / incomplete / not satisfactory in respect of signature mismatch/document insufficiency/ not meeting any requirements more specifically as indicated in clauses i-iv above, the request for such change will not be processed. Redemptions / dividend payments, if any, will be processed and the last registered bank account information will be used for such payments to Unit holders. Unit holders may note that it is desirable to submit their requests for change in bank details at least 7 days prior to date of redemption / dividend payment, if any. Further, in the event of a request for redemption of units being received within seven days of a request for change in bank account details, the normal processing time as specified in the Scheme Information Document, may not necessarily apply, however it shall be within the regulatory limits.

Unit holders are advised to provide their contact details

7. E-MAIL COMMUNICATION

Account Statements / Newsletters / Annual Reports / Other statutory information (as may be permitted under

SEBI (Mutual Funds) Regulations, 1996) can be sent to each Unit holder by courier / post / e-mail.

Unit holders who have opted to receive these documents by e-mail will be required to download and print the documents after receiving e-mail from the Mutual Fund. Should the Unit holder experience any difficulty in accessing the electronically delivered documents, the Unit holder shall promptly advise the Mutual Fund to enable the Mutual Fund to make the delivery through alternate means. It is deemed that the Unit holder is aware of all security risks including possible third party interception of the documents and contents of the documents becoming known to third parties.

The Newsletter, shall be displayed at the website of the Mutual Fund. The Unit holders can request for a copy of the Newsletter by post / e-mail. The AMC would arrange to dispatch these documents to the concerned Unit holder.

8. MODE OF PAYMENT OF REDEMPTION / DIVIDEND PROCEEDS-VIA DIRECT CREDIT / NEFT / ECS

The Units of the Plan cannot be redeemed by the investors directly with the Fund until the Maturity / Final Redemption date. Units of the Plan will be automatically redeemed on the Maturity / Final Redemption date.

• Direct Credit

The AMC has entered into arrangements with eleven banks to facilitate direct credit of redemption and dividend proceeds (if any) into the bank account of the respective Unit holders maintained with any of these banks. These banks are: ABN AMRO Bank N.V., Axis Bank Ltd., Citibank N.A., Deutsche Bank AG, HDFC Bank Limited, The Hongkong and Shanghai Banking Corporation, ICICI Bank Limited, IDBI Bank Limited, Kotak Mahindra Bank Ltd., Standard Chartered Bank and YES Bank Limited. The list of banks is subject to change from time to time.

• National Electronic Funds Transfer (NEFT)

The AMC provides the facility of 'National Electronic Funds Transfer (NEFT)' offered by Reserve Bank of India (RBI), which aims to provide credit of redemption and dividend payouts (if any) directly into the bank account of the Unit holder maintained with the banks (participating in the NEFT System). Unit holders can check the list of banks participating in the NEFT System from the RBI website i.e. www.rbi.org.in or contact any of our Investor Service Centres.

However, in the event of the name of Unit holder's bank not appearing in the 'List of Banks participating in NEFT' updated on RBI website www.rbi.org.in, from time to time, the instructions of the Unit holder for remittance of redemption/ dividend (if any) proceeds via NEFT System will be discontinued by HDFC Mutual Fund / HDFC Asset Management Company Limited without prior notice to the Unit holder and the payouts of redemption / dividend (if any) proceeds shall be effected by sending the Unit holder(s) a cheque / demand draft.

For more details on NEFT or for frequently asked questions (FAQs) on NEFT, Unit holders are advised to visit the RBI website www.rbi.org.in / HDFC Mutual Fund website www.hdfcfund.com

• Electronic Clearing Service (ECS)

Investors who have opted for the ECS facility of RBI for dividend payment will receive a direct credit of the amount due to them in their mandated account whenever the payment is made through ECS. A separate advice regarding credit of amount(s) via ECS will be sent to the unit holder. It should be noted that while the Mutual Fund will make all efforts, there is no commitment that this facility will be made available to all desirous investors.

Applicants in cities not covered under ECS facility will receive dividend payments, if any by cheques or demand drafts and the same will be mailed to the Unit holders. Please note that the ECS Facility is available only in respect of dividend payments and not in the case of Redemption of Units.

Therefore, the Investors will receive their redemption / dividend proceeds (if any) directly into their bank accounts in the following order:

- (i) In case the bank account of an investor is covered under Direct Credit facility then the payment of redemption / dividend proceeds (if any) will happen via direct credit payout mode only. Investors having these bank accounts will not receive payouts via NEFT/ECS*
- (ii) In case the bank account of an investor is not

covered under Direct Credit facility but covered under NEFT system offered by the RBI then the payment of redemption / dividend proceeds (if any) shall be effected via NEFT mechanism only.

- (iii) The facility for payment of **dividend proceeds**, if any via ECS* shall be affected only in case the bank account of an investor is not covered under the Direct Credit facility or NEFT system.

* available only in respect of dividend payments.

Each of the above facilities aims to provide direct credit of the redemption proceeds and dividend payouts (if any) into the bank account (as furnished in Section 5 of the Application Form) of the Unit holder and eliminates the time lag between despatch of the cheque, its receipt by the Unit holders and the need to personally bank the instrument and await subsequent credit to the Unit holders account. Further, the potential risk of loss of instruments in transit through courier / post is also eliminated. Each of the said facility as a mode of payment, is faster, safer and reliable.

In case the bank account as communicated by the Unit holder is with any of the said banks with whom the AMC has entered into arrangements to facilitate such direct credits or with any of the banks participating in the NEFT System offered by RBI, the AMC shall automatically extend this facility to the Unit holders.

HDFC Asset Management Company Limited / HDFC Mutual Fund shall not be held liable for any losses / claims, etc. arising on account of processing the direct credit or credit via NEFT / ECS of redemption / dividend proceeds on the basis of Bank Account details as provided by the unit holder in the Application Form.

However, if the Unit holders are not keen on availing any of the said facilities and prefer receiving cheques / demand drafts, Unit holders may indicate their intention in the Application Form in the space provided specifically. The AMC would then ensure that the payouts are effected by sending the Unit holders a cheque / demand draft. In case of unforeseen circumstances, the AMC reserves the right to issue a cheque / demand draft.

• Mode of Payment for Unit holders holding Units in Demat form

Investors will receive their maturity/ dividend proceeds directly into their bank accounts linked to the demat accounts. Please ensure to furnish the Bank Account details under section 5.

In order to make the data capture and document submission easy and convenient for the investors, Mutual Fund Industry has collectively entrusted the responsibility of collection of documents relating to identity and address of the investor(s) to an independent agency [presently CDSL Ventures Limited ("CVL")] which will act as central record keeping agency ("Central Agency"). As a token of having verified the identity and address of the investor(s) and for efficient retrieval of records, the Central Agency will issue a KYC Acknowledgement Letter (previously known as Mutual Fund Identification Number - MIN* Allotment Letter) to each investor who submits an application and the prescribed documents to the Central Agency.
