This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. **For further details of the Scheme/ Mutual Fund, due diligence certificate by AMC, Key Personnel, Investor's rights & services, risk factors, penalties & litigations, associate transactions etc. investor should, before investment, refer to the Scheme Information Document (SID) available free of cost at any of the Investor service Centre or distributors or from the website www.icicpruamc.com**

The particulars of ICICI Prudential Capital Protection Oriented Fund - Series V - 60 Months Plan, the mutual fund scheme offered under this KIM, have been prepared in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended till date, and filed with the Securities and Exchange Board of India, and the Units being offered for public subscription have not been approved or disapproved by the Securities and Exchange Board of India nor has the Securities and Exchange Board of India certified the accuracy or adequacy of this KIM.

The mutual fund or AMC and its empanelled brokers have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/portfolio with regard to the scheme.

It is to be distinctly understood that the permission given by NSE should not in any way be deemed or construed that the Scheme Information Document has been cleared or approved by NSE nor does it certify the correctness or completeness of any of the contents of the Scheme Information Document. The investors are advised to refer to the Scheme Information Document for the full text of the 'Disclaimer Clause of NSE'.

Investment Objective: The investment objective of the Plan under the Scheme is to seek to protect capital by investing a portion of the portfolio in good quality debt securities & money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The securities would mature on or before the maturity of the Plan under the Scheme. However, there can be no assurance that the investment objective of the Plan under the Scheme will be realized.

Asset Allocation Pattern:

Name of the Series under the Scheme	Type of Instrument & Normal Asset Allocation (% of Net Asset)	
	Debt securities & money market instruments#	Equity & equity related securities
Series V - 60 Months Plan (the Plan)	71% to 100%	0% to 29%

The asset allocation mentioned above is only indicative and the final allocation would be in line with the rating letter issued by the Rating Agency from time to time. The asset allocation would, among other things, be a function of the interest rates prevailing at the time of launch of the plan.

Note: If the Plan decides to invest in securitised debt (only single loan PTCs), it could be upto 30% of the allocation to debt. If a plan decides to invest in equity derivatives it could be upto 100% of the allocation to equity. The margin money requirement for the purpose of derivative exposure may be held in the form of term deposits. The Plan shall not take leverage positions and total investments, including investments in equity and

other securities and gross exposure to derivatives, if any, shall not exceed net assets under management of the scheme. The exposure to derivatives shall only be for portfolio rebalancing and hedging purpose. The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net asset of the scheme. The Scheme shall not invest in Pool Loan PTCs and securities issued by real estate sector companies, in case of fixed income component.

The Plan will initially deploy at least 60% of the fund collected during the NFO period in debt securities/money market instruments with an intention to protect the capital at the time of maturity of the respective Series.

Exposure to the securities rated by ICRA at all times shall not exceed 20% of the asset under management of the Plan. The restriction shall continue to apply even in cases where the security is rated by ICRA and any other agency. However, this limit will not apply to securities issued by a public sector undertaking including its subsidiaries, public financial institutions including those defined as public finance institutions under section 4A of the Companies Act. Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.

Under the abovementioned Plan, it is proposed to make investments in debt securities which mature on or before the date of maturity of the Plan. Any change in the investment pattern may be for a period of one month for defensive considerations. Any change in the asset allocation is for defensive consideration and the AMC will ensure that the capital remains protected till maturity. The Plan shall not take any exposure to floating rate instruments.

The yield on debt securities at the time of purchase will not be more than 100 bps to the benchmark yield as stipulated under respective CRISIL & ICRA Bond Matrix as applicable to AAA instruments. However, this will not apply for purchase of securities issued by Government of India and Public Sector Undertakings.

There can be no assurance that the investment objective of the Plan will be realized. The Plan will also review these investments from time to time keeping in view the extant SEBI Regulations and the Fund Manager may churn the portfolio to the extent as considered beneficial to the investors.

The Plan offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the Plan and not from any bank guarantee, insurance cover etc

It may be noted that no prior intimation/indication would be given to investors when the composition/asset allocation pattern under the Plan undergo changes within the permitted band as indicated above or for changes due to defensive positioning of the portfolio with a view to protect the interest of the unitholders for a period of one month. The investors/ unitholders can ascertain details of asset allocation of the Plan as on the last date of each month on AMC's website at www.icicpruamc.com that will display the asset allocation of the Plan as on the given day.

Rating: The Plan's portfolio structure has been rated 'mfAAA(SO)' by ICRA. The rating given by ICRA would be reviewed on a quarterly basis as required under SEBI Circular dated SEBI/IMD/CIR No. 9/74364/08 dated August 14, 2006.

The rating indicates highest degree of certainty for payment of face value of the mutual fund units on maturity to the unit holders. The ratings should, however, not be construed as an indication of expected returns, prospective performance of the Mutual Fund Scheme, NAV or of volatility in its return.

Investment Strategy: The Plan endeavours to protect capital by investing a portion of the portfolio in good quality debt securities & money market instruments and also to provide capital appreciation by investing the balance in equity and equity related securities. The allocation to equity and equity related securities would depend on interest rates prevailing at the time of deployment of funds in debt securities and the time horizon of each plan. It would typically be equal to the interest amount that can be earned from the debt securities for the tenure of the investment.

- The Plan will follow a passive investment strategy for the fixed income component of the Plan.
- Exposure to the securities rated by ICRA at all times shall not exceed 20% of the asset under management of the Plan. The restriction shall continue to apply even in cases where the security is rated by ICRA and any other agency. However, this limit will not apply to securities issued by a public sector undertaking including its subsidiaries, public financial institutions including those defined as public finance institutions under section 4A of the Companies Act. Any change due to change in the market conditions resulting in an increase in exposure beyond the specified limit of 20%, the exposure will be brought down within a period of 30 days.
- The yield on debt securities at the time of purchase shall not be more than 100 bps to the benchmark yield as stipulated under respective CRISIL & ICRA Bond Matrix as applicable to AAA instruments. However, this shall not apply for purchase of securities issued by Government of India and Public Sector Undertakings.
- The Plan under the scheme will initially deploy at least 60% of the fund collected during the NFO period in debt securities /money market instruments with an intention to protect the capital at the time of maturity of the respective plan.
- The fixed income component of the Plan shall be invested in Central government securities or debt securities issued by corporate rated at LAAA or equivalent rating
- The Plan is 'oriented towards protection of capital' and not with 'guaranteed returns'. Further, the orientation towards protection of capital originates from the portfolio structure of the Plan and not from any bank guarantee, insurance cover, etc.
- The Plan shall ensure capital protection by locking in debt the allocation not below the ICRA indicative allocation at the time of launch. Capital protection will be provided solely through the fixed income part of the portfolio and the same shall be invested in securities that mature to capital value at the end of the Plan.
- The debt component of the portfolio will always have the highest investment rate grading (AAA rating or equivalent from a rating agency).
- Whenever asset allocation is altered for defensive considerations, it will be ensured that the capital remains protected on maturity and also that the rating of the Plan is not adversely affected.
- Fund manager may alter the asset allocation during subsequent deployment of funds provided such deployment is generated out of appreciation in value of existing investments.

Fixed Income Securities: The fund will invest in a basket of debt and money market securities maturing on or before maturity of the fund. The fund will invest in securities with

a view to hold them till the maturity of the fund. To that effect the fund will follow a buy and hold strategy to investment. ICICI Prudential Asset Management Company Limited (the AMC) aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer. The AMC will also be guided by the ratings of Rating Agencies such as CRISIL, CARE etc.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Equities: For the equity portion of the corpus, the AMC intends to invest in stocks, which will be bought, keeping in mind the time horizon of the plan. Stock specific risk will be minimized by investing only in those companies that have been thoroughly analyzed by the Fund Management team at the AMC. The AMC will also monitor and control maximum exposure to any one stock or one sector.

The Plan may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and / or to enhance Unitholders' interest.

The corpus of the Plan will be invested predominantly in debt and money market instruments and to a lesser extent in equity and equity related instruments. Subject to the Regulations, the corpus of the Plan(s) can be invested in any (but not exclusively) of the following securities/instruments:

- 1) Securities created and issued by the Central and State Governments and/or repos/ reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- 2) Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- 3) Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- 4) Corporate debt (of both public and private sector undertakings).
- 5) Obligations/ Term Deposits of banks (both public and private sector) and development financial institutions.
- 6) Money market instruments permitted by SEBI/RBI, having maturities of up to one year or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- 7) Certificate of Deposits (CDs).
- 8) Commercial Paper (CPs).
- 9) Securitised Debt.
- 10) The non-convertible part of convertible securities.
- 11) Any other domestic fixed income securities as permitted by SEBI / RBI from time to time.
- 12) Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares.
- 13) ADRs/GDRs or other foreign securities issued by Indian Companies, subject to the guidelines issued by Reserve Bank of India and Securities and Exchange Board of India.
- 14) Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Stock Index Futures and such other derivative instruments permitted by SEBI/RBI.
- 15) Exchange Traded Interest Rate Futures

The securities/debt instruments mentioned above could be listed or unlisted, secured or unsecured, rated or un-rated and of varying maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

The Plan may also enter into repurchase and reverse repurchases obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

Under normal circumstances, up to 100% of the fund will be invested in Money Market instruments, Short term and medium term debt securities/ debt instruments and securitised debt.

How is the Plan different from the existing debt schemes of ICICI Prudential Mutual Fund?

The conventional debt investors need an investment avenue which offers them capital protection, in some manner similar to what bank Fixed Deposits (FDs) offer and at the same time potential to earn returns that are higher than these FDs. The Plan will make investments in a mix of debt and equities in such manner that the debt portion offers capital protection at maturity and the equity portion offers potential to participate in equity market upside. The product combines the benefit of capital protection of debt and capital appreciation of equities to deliver absolute returns to conservative investors over a fixed investment horizon. The Plan is rated by an approved rating agency as regards its structure's ability to provide capital protection.

The Plan offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the Plan and not from any bank guarantee, insurance cover etc.

Comparison of the Plan with existing Schemes of ICICI Prudential Mutual Fund

The Plan is not comparable with the existing schemes of the Fund, as the Fund does not have any Capital Protection Oriented Scheme.

Risk Profile of the Scheme: Mutual Fund Units involve investment risks including the possible loss of principal. Please read Scheme Information Document (SID) carefully for details on risk factors before investment. Scheme Specific Risk Factors summarised below:

Scheme Specific Risk Factors

- a) The Plan offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the Plan and not from any bank guarantee, insurance cover etc.
- b) The ability of the portfolio to meet capital protection on maturity to the investors can be impacted in certain circumstances including changes in government policies, interest rate movements in the market, credit defaults by bonds, expenses, reinvestment risk and risk associated with trading volumes, liquidity and settlement systems in equity and debt markets. Accordingly, investors may lose part or all of their investment (including original amount invested) in the Scheme. No guarantee or assurance, express or implied, is given that investors will receive the capital protected value at maturity or any other returns.
- c) The rating provided by ICRA, only assesses the degree of certainty for achieving the objective of the Plan i.e. capital protection and does not denote any opinion on the stability

of the NAV of the Plan. The rating should, however, not be construed as an indication of expected returns, prospective performance of the mutual fund scheme, NAV or of volatility in its returns. The rating would be reviewed on a quarterly basis by ICRA.

- d) ICRA (the Rating Agency) reserves the right to suspend, withdraw or revise the ratings assigned to the portfolio structure of this Plan at any time, on the basis of any new information or unavailability of information or any other circumstances, which the Rating Agency believe may have impact on the above rating.
- e) The rating, as aforesaid, however, should not be treated as a recommendation to buy, sell or hold the units issued by ICICI Prudential Mutual Fund under ICICI Prudential Capital Protection Oriented Fund - Series V - 60 Months Plan. The rating is restricted to the portfolio structure of ICICI Prudential Capital Protection Oriented Fund - Series V - 60 Months Plan only. ICRA does not assume any responsibility on its part, for any liability that may arise consequent to the non compliance of any guidelines or directives issued by SEBI or any other mutual fund regulatory body.
- f) The rating is based on current information furnished to the Rating Agency by the issuer or obtained by the rating Agency from sources it considers reliable. The rating Agency does not, however, guarantee the accuracy, adequacy or completeness of any information and are not responsible for any errors or omissions or for the results obtained from the use of such information.
- g) The Asset Management Company shall not repurchase units of the Plan before end of the maturity period. However, the Plan may be listed on one or more Stock Exchange(s) in India at the discretion of the Trustees. At present the units of the Plan are proposed to be listed at NSE.
- h) Investors in the Plan are not being offered any guaranteed / assured returns.
- i) The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the Plan is wound up for the reasons and in the manner provided under the Scheme Information Document.
- j) Redemption by the Unit Holder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Fund their directors or their employees shall not be liable for any tax consequences that may arise.

Risks associated with Equity and Derivative investments

Investors may note that AMC/Fund Manager's investment decisions may not be always profitable. The Plan proposes to invest in equity and equity related securities. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Plan to make intended securities purchases due to settlement problems could cause the Plan to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Plan's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Plan's portfolio. The Plan is also vulnerable to movements in the prices of securities invested by the Plan, which again could have a material bearing on the overall returns from the Plan. These stocks, at times, may be relatively less liquid as compared to growth stocks. The liquidity of the Plan's investments is inherently restricted by trading volumes in the securities in which it invests. The value of the Plan's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Plan may fluctuate and can go up or down. Investment decisions made by the AMC may not always be profitable, as actual market movements may be at variance with anticipated trends. The performance of the Plan will be affected in case of unforeseen circumstances like political crisis, natural calamities, and changes in currency exchange rates or interest rates. Fund manager tries to generate returns based on certain past statistical trend. The performance of the Plan may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue. In case of abnormal circumstances it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However fund will aim at taking exposure only into liquid stocks where there will be minimal risk to square off the transaction.

Risk management strategies: The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools. The Fund has identified following risks of investing in debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk & Description for Debt	Risk Mitigants/Management Strategy
Derivatives Risk: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.

Market Risk: As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The fund will invest in a basket of debt and money market securities maturing on or before maturity of the fund with a view to hold them till the maturity of the fund. While the interim NAV will fluctuate in response to changes in interest rates, the final NAV will be more stable. To that extent the interest rate risk will be mitigated at the maturity of the scheme.
Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.
Credit Risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.	A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the fund will ensure that these instruments are sufficiently backed by assets.
Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
Risks associated with Equity	Risk Mitigants/Management Strategy
Market Risk: The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is a risk which is inherent to an equity scheme. The scheme may use derivatives to limit this risk.
Liquidity risk: The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	The fund will be a high risk, high return fund and the time horizon, until the market realizes the true value of the stocks that the fund has invested into, could be longer. As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption/ Maturity payments are made on time and not affected by illiquidity of the underlying stocks.
Derivatives Risk: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	Derivatives will be used for the purpose of hedging/ portfolio balancing purposes or to improve performance and manage risk efficiently. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. No OTC contracts will be entered into.
<i>For detailed risk factors and risk management strategies, kindly refer the Scheme Information Document.</i>	

Plan and Options: Presently one plan is available for investment under the Scheme viz Series V - 60 Months Plan. Two options are available under the Plan viz. Cumulative and Dividend option. Dividend Payout is the only facility available under the Dividend Option. The Cumulative Option shall be the default option under the Plan.

The Trustee reserves the right to declare dividends under the Plan depending on the net distributable surplus available under the Plan. It should, however, be noted that actual distribution of dividends and the frequency of distribution will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.

Liquidity: The units of the Plan will be listed on the National Stock Exchange of India Ltd. (NSE). However the trustees reserves the right to list the units of the plan on any other Stock Exchange without any change in fundamental attribute.

Since units are proposed to be listed on the NSE, an investor can buy/sell units of the Plan on a continuous basis on the NSE and other recognized stock exchanges where units are listed. The trading lot is one unit of the Plan. Investors can purchase units at market prices, which may be at a premium/discount to the NAV of the Plan depending upon the demand and supply of units at the exchanges.

Buying / Selling units on the stock exchange is just like buying / selling any other normal listed securities. If an investor has bought units, an investor has to pay the purchase amount to the broker /sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, an investor has to deliver the units to the broker/sub broker before the securities pay-in day of the settlement cycle on the exchange.

Investor will have to bear the cost of brokerage and other applicable statutory levies e.g. Securities Transaction Tax, Service Tax etc when the units are bought or sold on the stock exchange.

Dematerialisation: Investors have option to hold the units in demat form in addition to account statement. Since the Scheme is going to be listed and the investors who intend to trade in units are required to have a Demat Account and hold the units in the dematerialised form only. This being a Closed Ended Scheme, no premature redemption can be made through redemption instruction to the Mutual Fund until maturity. However, the Scheme provides for liquidity through listing on the NSE (and/or any other recognized stock exchange where the units are listed). Unitholders who intend to avail of the facility to trade in units are required to have a Demat Account. Units held in demat form are freely transferable.

Maturity: The Plan under the scheme shall be fully redeemed at the end of the maturity period. The tenure of the Plan is 1850 days.

The Plan under the Scheme will come to an end on the maturity date mentioned above from the date of allotment under the Plan. On maturity of the Plan, the outstanding Units shall be redeemed and proceeds will be paid to the Unitholder. The Trustees reserves the right to suspend/deactivation /freeze trading, ISIN of the Plan and to do all matters with respect to closure of the Plan at the time of maturity at any time 10 days prior to the maturity. The proceeds on maturity will be payable to the persons whose names are appearing in beneficiary position details received from depositories after the suspension/deactivation/freezing of ISIN.

Maturity proceeds would be payable to investors as per the bank details provided in beneficiary position details received from depositories.

Maturity proceeds to NRI investors: NRI investors shall submit Foreign Inward Remittance Certificate (FIRC), along with Broker contract note of the respective broker through whom the transaction was effected, for releasing redemption proceeds on maturity. Redemption proceeds shall not be remitted until the aforesaid documents are submitted and the AMC/ Mutual Fund/Registrar/Plan shall not be liable for any delay in paying redemption proceeds. In case of non-submission of the aforesaid documents the AMC reserves the right to deduct the tax at the highest applicable rate without any intimation by AMC/ Mutual Fund/ Registrar. The plan(s) under the scheme shall be fully redeemed at the end of the maturity period of the respective Plan unless rolled over as per SEBI guidelines.

Applicable NAV

For Purchases (including Switch-ins): Being a close-ended Scheme, units of the Plan can be purchased during New Fund Offer period only. The units will be issued in respect of valid applications received upto the closure of banking hours of the last day of New Fund Offer Period alongwith a local cheque or a demand draft payable at par at the place where the application is received.

For switch-in requests received under the Plan, switch-out requests from the Source scheme will be effected based on the applicable NAV of the Source scheme as on September 15, 2011, whereas the switch-in requests under the Plan will be processed on the date of the allotment of the Units. AMC shall not be liable for losses incurred due to NAV changes, if any, by the investor due to the time lag between switch-outs happening on September 15, 2011 and the Switch-in into the Plan under the Scheme to be processed on the Allotment date. (Source scheme means the open ended scheme of the Fund from which the investor is seeking to switch-out his investments to enable switch-in under this Scheme).

Investors can also subscribe to the New Fund Offer (NFO) through ASBA facility.

Applicable NAV (for redemptions including switch outs): Since the Plan is proposed to be listed, no interim exits / redemptions allowed in the Plan.

Outstation Cheques/Demand Drafts and Cash will not be accepted.

MICR, High Value and Transfer Cheques will be accepted till the end of the business hours upto September 15, 2011.

Minimum Application Amount:

Purchase/Switch-ins: Rs. 5,000/- and in multiples of Rs. 10 thereafter.

III. BANK DETAILS

The first Unitholder should provide the name of the bank branch, complete address of the branch, account type and account number, which is mandatory as per Securities and Exchange Board of India circular IIMRP/MF/CIR/07/826/98 dated April 15, 1998. Applications without this information will be incomplete.

Please quote 9 Digit MICR Code No. & 11 Digit IFSC Code No. of your Bank and Branch corresponding to Bank Account details. In case of At Par accounts, kindly provide the correct MICR number of the bank branch. (This number appears on every leaf of your cheque book after your cheque number). Please attach a blank "cancelled" Cheque or a clear photocopy of a cheque issued by your bank verifying of the Code No.

Maturity payment or dividend payment would be made as per the bank account details available in BENPOS file.

IV. INVESTMENT DETAILS

Minimum Application Amount: Rs.5,000/- and in multiples of Re. 10 thereafter.

Presently one plan is available for investment under the Scheme viz Series V - 60 Months Plan. Two options are available under the Plan of the Scheme viz. Cumulative and Dividend option. Dividend Payout is the only facility available under the Dividend Option. The Cumulative Option shall be the default option under the Scheme.

V. MODE OF PAYMENT

- a) The cheque should be drawn in favor of "ICICI Prudential Capital Protection Oriented Fund - Series V - 60 Months Plan" and crossed "Account Payee Only". The cheque/demand draft should be payable at the centre where the application is lodged. The cheque/demand draft should be drawn on any bank which is situated at and is a member/sub-member of the Bankers' Clearing House. Cheques/demand drafts drawn on a bank not participating in the Clearing House will not be accepted.

- b) Separate Cheque/Draft is required for each plan/option invested.

- c) **MICR, High Value and Transfer Cheques will be accepted till the end of the business hours upto September 15, 2011.**

- d) **Payments by Stockinvest, Money Order, Cash, Postal Order and out-station and/or post-dated cheques will not be accepted.**

The Trustee shall have absolute discretion to accept/reject any application for purchase of Units, if in the opinion of the Trustee, increasing the size of Scheme's Unit capital is not in the general interest of the Unitholders, or the Trustee for any other reason believes it would be in the best interest of the Schemes or its Unitholders to accept/reject such an application.

- e) An investor can also subscribe to the New Fund Offer (NFO) launched on or after October 01, 2010 through ASBA facility.

f) NRI/FII/PIO Investors

1. **Repatriation basis:** Payments by NRIs/FIIs/Persons of Indian Origin residing abroad, may be made either by way of Indian Rupee drafts or cheques by means of (i) inward remittance through normal banking channels; or (ii) out of funds held in NRE/FCNR account payable at par and payable at the cities where the Customer Service Centres are located.

In case of Indian Rupee drafts purchased through NRE/FCNR Account, an account debit certificate from the bank issuing the draft confirming the debit should also be enclosed.

In case the debit certificate is not provided, the AMC reserves the right to reject the application of the NRI investors.

2. **Non Repatriation basis:** NRIs or Persons of Indian origin residing abroad investing on a non-repatriable basis may do so by issuing cheques/demand drafts drawn on Non-Resident Ordinary (NRO) account payable at the cities where the Customer Service Centres are located.

3. **FIRC certificate:** In case of investments by Non Resident Indians (NRIs), if FIRC certificate was not submitted, CAMS/AMC will not provide FIRC outward letters to banks.

4. **Payment of Maturity Proceeds:** NRIs shall provide details of purchase including contract notes on or before the maturity date. In the absence of such details on or before the maturity date, TDS towards capital gain would be done at higher applicable rate. For this purpose, the difference between allotment NAV and NAV applicable for Maturity payment is considered as capital gains.

The plan under the scheme shall be fully redeemed at the end of the maturity period of the respective Plan unless rolled over as per SEBI guidelines.

g) Investment/subscription made through Third Party Cheque(s) will not be accepted.

Third party cheque(s) for this purpose are defined as: (i) Investment made through instruments issued from an account other than that of the beneficiary investor, (ii) in case the investment is made from a joint bank account, the first holder of the mutual fund folio is not one of the joint holders of the bank account from which payment is made.

Third party cheque(s) for investment/subscription shall be accepted, only in exceptional circumstances, as detailed below:

- 1) Payment by Parents/Grand-Parents/related persons on behalf of a minor in consideration of natural love and affection or as gift for a value not exceeding Rs.50,000/- (each regular purchase or per SIP instalment). However this restriction will not be applicable for payment made by a guardian whose name is registered in the records of Mutual Fund in that folio.
- 2) Custodian on behalf of a Foreign Institutional Investor (FII) or a client.

- 3) Payment by Employer on behalf of employee under Systematic Investment Plan or lump sum/one-time subscription, through Payroll deductions. Asset management companies should exercise extra due diligence in terms of ensuring the authenticity of such arrangements from a fraud prevention and KYC perspectives.

The above mentioned exception cases will be processed after carrying out necessary checks and verification of documents attached along with the purchase transaction slip/application form, as stated below:

- 1) Determining the identity of the Investor and the person making payment i.e. mandatory Know Your Client (KYC) for Investor and the person making the payment.
- 2) Obtaining necessary declaration from the Investor/unitholder and the person making the payment. Declaration by the person making the payment should give details of the bank account from which the payment is made and the relationship with the beneficiary.
- 3) Verifying the source of funds to ensure that funds have come from the drawer's account only.

In case of investment/subscriptions made via Pay Order, Demand Draft, Banker's cheque, RTGS, NEFT, ECS, bank transfer, net banking etc. Following additional checks shall be carried out:

- 1) If the investment/subscription is settled with pre-funded instruments such as Pay Order, Demand Draft, Banker's cheque, etc., a Certificate from the Issuing banker must accompany the purchase application, stating the Account holder's name and the Account number which has been debited for issue of the instrument. The funds should be debited from a pre-registered pay in account available in the records of the Mutual fund, or from the account of the first named unit holder. Additionally, if a pre-funded instrument issued by the Bank against cash, it shall not be accepted for investments of Rs.50,000/- or more. Such prefunded instrument issued against cash payment of less than Rs.50,000/- should be accompanied by a certificate from the banker giving name, address and PAN (if available) of the person who has requested for the demand draft.
- 2) If payment is made by RTGS, NEFT, ECS, bank transfer, etc., a copy of the instruction to the bank stating the account number debited must accompany the purchase application. The account number mentioned on the transfer instruction should be from pay in account available in the records, or from the account of the first named unit holder.

Investors are requested to note that AMC reserves right to have additional checks of verification for any mode of payment received. AMC reserves the right to reject the transaction in case the payment is received in an account not belonging to the first unit holder of the mutual fund.

In case of investors with multiple accounts, in order to ensure smooth processing of investor transactions, it is advisable to register all such accounts, as the investments/subscriptions received from the said multiple accounts shall be treated as 1st party payments.

Third Party Payment Declaration form is available in AMC's website www.icicipruamc.com or any of AMC's branch offices.

- d. The Nominee shall not be a trust (other than a religious or charitable trust), society, body corporate, partnership firm, Karta of Hindu Undivided Family or a Power of Attorney holder. A non-resident Indian can be a Nominee subject to the exchange controls in force, from time to time.
- e. Nomination in respect of the units stands withdrawn upon the transfer of units.
- f. Every new nomination for a folio/account will overwrite the existing nomination.
- g. Transfer of units in favour of a Nominee shall be valid discharge by the Asset Management Company (AMC) against the legal heir.

- h. The cancellation of nomination can be made only by those individuals who hold units on their own behalf, singly or jointly and who made the original nomination and the request has to be signed by all the holders.
- i. On cancellation of the nomination, the nomination shall stand withdrawn and the AMC shall not be under any obligation to transfer the units in favour of the Nominee.
- j. Investors who want to make multiple nominations need to fill the separate Multiple Nomination Form available in AMC's website at www.icicipruamc.com or any of AMC's branch offices and submit it to the AMC.
- k. Where a folio has joint holders, all joint holders should sign the request for nomination/cancellation of nomination, even if the mode of holding is not "joint". Nomination form cannot be signed by Power of Attorney (PoA) holders.

VII. DIRECT CREDIT OF DIVIDEND/REDEMPTION: ICICI Prudential AMC had entered into an arrangement with certain banks such as ICICI Bank, HDFC Bank, Citibank N.A. and HSBC for direct credit of redemption and dividend proceeds, if investors have a bank mandate with any of these banks. However, the Fund reserves a right to issue a payment instrument in place of this direct credit facility, and will not be responsible for any delay on the part of the bank for executing the direct credit. The AMC may alter the list of the banks participating in direct credit arrangement from time to time/ withdraw direct credit facility from the banks, based on its experience of dealing with any of such banks or add / withdraw the name of the bank with whom direct credit facility arrangements can be introduced/ discontinued as the case may be.

VIII. E-MAIL COMMUNICATION: It is hereby notified that wherever the investor(s) has/ have provided his/their e-mail address in the application form or any subsequent communication in any of the folio belonging to the investor(s), the Fund/Asset Management Company reserves the right to use Electronic Mail (e-mail) as a default mode to send various communication which include account statements for transactions done by the investor(s). The investor(s) may request for a physical account statement by writing or calling the Fund's Investor Service Centre/Registrar & Transfer Agent. In case of specific request received from investor(s), the Fund shall endeavour to provide the account statement to the investor(s) within 5 working days from the receipt of such request. The Fund shall comply with SEBI Circular No. IMD/CIR/12/80083/2006 dated November 20, 2006 with respect to despatch of the account statement.

IX. KNOW YOUR CUSTOMER (KYC) NORMS: With effect from 1st January, 2011, KYC (Know Your Customer) norms are mandatory for ALL investors for making investments in Mutual Funds, irrespective of the amount of investment.

Please use the KYC form for Individual investors or Non-Individual investors, available in the AMC's website – www.icicipruamc.com or in any of the customer service centres of ICICI Prudential Mutual Fund.

X. MODE OF HOLDING:

Demat/Non-Demat Mode:

1. Investor can hold units in demat/non-demat mode. In case investor did not provide demat account details or details of DP ID / BO ID, provided by the investor, is incorrect or demat account is not activated or not in active status, the units would be allotted in non demat mode.
2. The investor can dematerialize his/her holdings in non demat mode. Similarly, investor can rematerialize holdings in demat mode. All expenses in connection with conversion from demat to remat mode or remat to demat mode will have to be incurred by the investors.
3. Allotment letters would be sent to investors who are allotted units in demat mode and Statement of Accounts would be sent to investors who are allotted units in non demat mode.
4. Units held in dematerialized form are freely transferable with effect from October 01, 2010, except units held in equity linked savings scheme during the lock-in period.

This being a Closed Ended Scheme, no premature redemption can be made through redemption instruction to the Mutual Fund until Maturity. However, the Scheme provides for liquidity through listing on the NSE (and any other recognized stock exchange where the units are listed). Unitholders who intend to avail of the facility to trade in units are required to have a Demat Account. Unitholders holding units in SOA form and desires to trade in the units, can do so by dematerialising the SOA through depositories. For conversion of Mutual Fund units represented by SOA into dematerialized form or vice-a-versa, the unitholders are required to approach depositories. Currently, the units are listed at National Stock Exchange (NSE).

XI. Pledge/Lien : In case investor creates pledge / lien on their units in favour of any financial institution or lender, the details of the same shall be provided to ICICI Prudential AMC or CAMS within two days of creations of such pledge/lien. The redemption proceeds/stroke dividend payment will be on hold till proper details are made available.
